RIPPE GELBVIEH
[Using data to increase your profits]

**Raising Bulls for Commercial Cattlemen
that fit today and tomorrow.**

**"Information is the oil of the 21st century,
and analytics is the combustion engine."**

- Peter Sondergaard

**"What gets measured, gets managed."
- Peter Drucker**

RIPPE GELBVIEH
[Using data to increase your profits]

Go where the **DATA** is:

For Females:

- Track Udder Scores
- Measure Cow Size
- Measure Cow Efficiency through percentage body weight weaned

For Carcass:

- Feed out our Steers every year and receive individual carcass data
- Ultrasound Bulls
- Ultrasound Females

For Bulls:

- Disposition Scores
- Homozygous Polled and Black tested
- Higher Accuracy EPDs through genomic EPD testing

Avg. Dam Weight of bulls in the sale is **1258**

Avg. Dam Efficiency of bulls in the sale is **55%**

40% of the bulls in the pen are heifer bulls

Avg. Birth Weight **79**; Avg. Weaning Weight **684**

85% are Homozygous Polled

81% of Black Bulls are Homozygous Black

DAMS OF DOMINANCE

Rippe Gelbvieh ranked **#1**
Gelbvieh Breeder for
Dams of Merit in Nebraska

*Dam of Merit is a AGA designation for cows that meet selection criteria including early puberty and conception, regular calving intervals, and above average weaning weights on at least three calves. Only **6.2%** of the dams in the breed qualify.*

Feeder Profit Index

is an economic selection index designed to aid producers in selecting sires whose progeny will perform in the Feedlot and are sold on a grade and yield. This is an index where it ranks sires whose progeny should do the best in the feedlot.

AVERAGE PERCENTILE RANK OF SALE BULLS EPDS

Black Balancers

TOP **24%** of Calving Ease

TOP **33%** of Weaning Weight

TOP **32%** of Yearling Weight

TOP **13%** of Feeder Profit Index
